Session 2020-2021

7.2.1 - Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual.

The College is committed to the overall development of the students and to cater the need of the students the supportive management, versatile Principal and dedicated faculty are working round the clock. The reverential ideology of the College is to make the students self reliant, self confident and self dependent as manifested in the mission and vision of the College. The first best practice is that the College sensitizes the students to the burning issue related to environment. The NSS, NCC, Red Ribbon Club, and Ek Bharat Shreshth Bharat undertake the outreach activity Tree Plantation. The students under the banner of these units plant Saplings in the neighborhood area and the adopted villages in the area of 5 to 10 KM. and look after them. The issues like subtle burning is the great threat to the environment, therefore the College spread the Awareness regarding this grave concern. Thus the College is contributing a lot in making the environment green and clean. The second best practice is to provide the financial help to the poor students and make the higher education accessible to them in the college campus. Fee concession, poverty concession, stipends, meritorious scholarship incentives are given to the youth festival participants. The sports students are given free ship and free lodging in the college hostel. Books are given from the book bank of the library for the whole session. These are the best practices of the College and its Contribution to the society.

Session 2020-2021

7.3.1 - Portray the performance of the Institution in one area distinctive to its priority and thrust

**Creating awareness about environment**

The College has been playing vital role not only in the Educational field but also it is playing important role in the perspective of environment. Now a days education has to play multi-dimensional role in the nations development. In alignment with the vision and mission of the College to make a difference in society the college organizes various environment related activities within the campus and outside also. The NSS department of the College along with Red Ribbon Club arranges various tree plantation campaigns. A number of trees have been planted in the adopted village Wadala. A herbal garden has been established in the College campus which contains 35 different Herbal plants having medicinal values. These plants are looked after the students themselves. Thus environment related activities help students to become sensitive towards their surroundings.
