7.3.1 - Portray the performance of the Institution in one area distinctive to its priority and thrust

Creating awareness about environment

The College has been playing vital role not only in the Educational field but also it is playing important role in the perspective of environment. Now a days education has to play multi-dimensional role in the nations development. In alignment with the vision and mission of the College to make a difference in society the college organizes various environment related activities within the campus and outside also. The NSS department of the College along with Red Ribbon Club arranges various tree plantation campaigns. A number of trees have been planted in the adopted village Wadala. A herbal garden has been established in the College campus which contains 35 different Herbal plants having medicinal values. These plants are looked after the students themselves. Thus environment related activities help students to become sensitive towards their surroundings.
